

Information on REACH Consortia

Nickel REACH Consortia (Nickel Consortium 1, 2 & 3)

13 August 2021

General Information	
Name of commodity	Nickel Institute - Brussels Office
Name of consortium/consortia	<ul style="list-style-type: none"> Nickel Consortium 1 Nickel Consortium 2 Nickel Consortium 3
Official launch on (date)	1 February 2007
Scope (e.g. substances)	<p>Pre-registration support, registration dossier, evaluation of dossier and substance, data sharing (authorisation currently out of the scope)</p> <p>Ni Cs 1 (RA substances): Ni metal, Ni dichloride, Ni sulphate, Ni dinitrate</p> <p>Ni Cs 2 (Ni inorganic compounds): Ni (hydroxy)carbonate, Ni bis(sulphamidate), Ni di(acetate), Ni monoxide, Ni dihydroxide, Ni sulphide, Ni subsulphide and Ni bis(dihydrogen phosphate)</p> <p>Ni Cs complex materials: Ni matte .</p>
Number of members + comment if appropriate	49 Regular members
Minimum fee for consortium	<p>3 ways to get access to the data required for REACH (volume-based fees):</p> <ol style="list-style-type: none"> Join the relevant Ni Cs Purchase a Letter of Access (to register substances covered under Ni Cs) Purchase a License to Use (to register substances outside Ni Cs)
Brief description of membership profile (e.g. manufacturers, ORs, companies per legal entity etc.)	EU manufacturers, non-EU manufacturers and importers (by company group). The non-EU manufacturers can delegate to their Only Representative by signing a Power of Attorney document for each of the groups (WG, ST & GA).

Status and Comments	
Major review of agreement and structure (if relevant)	Structure has been reviewed in 2011. Agreements for joining the Consortia and for Letter of Access / License to Use are ready and available
“OR” and “importers” in consortium/a	See above
Pre-existence of RA	Yes, for the following substances: Ni metal, Ni dichloride, Ni sulphate, Ni dinitrate
Registration	The 13 substances covered by the Nickel REACH Consortia have been successfully registered by the 2010 deadline and the registration dossiers are updated on a regular (annual) basis
SIEF Has one of your members ticked the “SIEF facilitator” box? Proposed lead registrant	During this pre-SIEF phase, the Secretariat received biweekly updates from the potential SIEF Facilitators to track the activities of the pre-SIEF. Yes, the members of the Ni Cs were SIEFs Facilitators and are now Lead Registrants for all of the substances included in the Ni Cs. The Ni Cs communicate to SIEF members / registrants via: <ul style="list-style-type: none"> - A Public website dedicated to REACH, SIEF members and Ni substances: www.nickelconsortia.eu - A Nickel REACH Consortia Newsflash for all substances covered is sent to all registrants to inform the industry on REACH progresses in preparation of updated registration files and eSDS. - A dedicated person for the communication to registrants. All demands can be addressed to reach@nickelinstitute.org
Contacts with other consortia for exchange of data	<ul style="list-style-type: none"> - Fe, Co, Al, Cu, EPMF, Pb, As: exchanges of effects data - Cr, Cd, Mn, Si, Fe, Mo, Co, Zn, Ag: communication with common DUs
Upcoming meetings	<ul style="list-style-type: none"> - REACH WG, ST & GA: October 7, 2021 - REACH WG & ST: March 31, 2022
Other comments (if relevant)	The 13 substances covered by the Nickel REACH Consortia have been successfully registered by the 2010 deadline. The dossiers are updated on a yearly basis. For more information, please visit www.nickelconsortia.eu or contact reach@nickelconsortia.org
