

Information on REACH Consortia

Boron

July 2022

General Information	
Name of commodity	Boron, phosphorus (full registration for use in alloys)
Name of consortium/consortia	REACH Boron Consortium
Official launched on (date)	2010
Scope (e.g. substances)	Boron (boron powders, ferro-boron, master alloys), Phosphorus (ferro-phosphorus, master alloys)
Number of members + comment if appropriate	12 (as at June 2020)
Minimum fee for consortium	Not applicable - cost sharing is based on tonnage.
Brief description of membership profile (e.g. manufacturers, ORs, companies per legal entity etc.)	Manufacturers, importers and downstream users.

Status and Comments	
Major review of agreement and structure (if relevant)	Planned for late 2022 / early 2023.
“OR” and “importers” in consortium/a	Some members are importers; OR can be members if affiliated to a non-EU manufacturer.
Technical work	Both boron and phosphorus were REACH registered in May 2013, but some technical work is ongoing for phosphorus. Boron dossier was updated in 2020. Update of phosphorus dossier planned for 2023.
Pre-existence of RA	Not applicable
Collection of data from DU	Not applicable
Pre-registration	
SIEF	Yes
Has one of your members ticked the “SIEF facilitator” box?	
Lead registrants	Boron: ArcelorMittal Phosphorus: PCC Rokita
Contacts with other consortia for exchange of data	Eurometaux Associate member
Upcoming meetings	
Other comments (if relevant)	The consortium plans to facilitate registrations of its substances under UK REACH.
