

## Information on REACH Consortia

### Manganese

*February 2026*

General Information	
<b>Name of commodity/association</b>	Manganese (Mn) and certain inorganic Mn-based substances
<b>Name of consortia(um)</b>	Manganese REACH Administration (MARA): see website <a href="https://reach-manganese.org/home">https://reach-manganese.org/home</a>
<b>Official launch on (date)</b>	01.01.2008
<b>Scope (e.g. substances, activities)</b>	Mn plus certain inorganic Mn-oxides and Mn-salts (FeMn and SiMn alloys treated as special preparations, plus specific ferroalloy slags and sinter ore)
<b>Contact?</b>	<a href="mailto:reach@manganese.org">reach@manganese.org</a>
<b>Number of members + comment if appropriate</b>	31
<b>Minimum fee for consortium</b>	Membership is now closed due to completion of dossier submissions
<b>Brief description of membership profile (e.g. manufacturers, ORs, companies per legal entity etc.)</b>	Membership consists of M/I/OR.  Metallurgical and chemical industries involved
Status and Comments	
<b>Major review of agreement and structure (if relevant)</b>	MARA continues to administer Letters of Access (LoA) for joint submission. On-going work is focused on addressing the concerns raised in the ECHA Assessment of Regulatory Needs and Commission's Restriction Road Map Reports leading to dossier updates.
<b>Support on REACH-type regulations (e.g. Korea, Turkey, UK)</b>	The consortium works with consultants in S. Korea and Turkey to support the REACH registrations in the jurisdictions. It mainly presents itself as the main industry data owner
<b>Other</b>	Endocrine Disruption evaluation remains at the top of the consortium's agenda
