

Information on REACH Consortia

Titanium Dioxide Industry Consortium (TDIC)

July 2020

General Information	
Name of commodity	Titanium Dioxide (EC 236-675-5 / CAS 13463-67-7)
Name of consortium/consortia	Titanium Dioxide Industry Consortium
Official launched on (date)	04-12-2008
Scope (e.g. substances)	<p>The manufacturers of Titanium Dioxide have joined efforts for their REACH compliance activities and have launched the TDIC REACH consortium. The Titanium Dioxide Industry Consortium (TDIC) will manage the REACH registration of titanium dioxide and related manufacturing process intermediates and will liaise with registrants of key raw materials in other consortia and SIEFs. Substances:</p> <ul style="list-style-type: none"> - Titanium dioxide (EC 236-675-5 / CAS 13463-67-7) - Titanium Tetrachloride (EC 231-441-9 / CAS 7550-45-0) - Titanium Oxide Sulphate (EC 237-523-0 / CAS13825-74-6) - Dichloride titanium oxide (EC 237-430-5 / CAS 13780-39-7) - Disodium titanate (EC 234-802-9 / CAS 12034-34-3)
Number of members + comment if appropriate	10 Consortium Members
Minimum fee for consortium	
Brief description of membership profile (e.g. manufacturers, ORs, companies per legal entity etc.)	<p>The TDIC REACH consortium, which is managed by ReachCentrum, has been initially formed by members of the Titanium Dioxide Manufacturers Association (TDMA) which is a Sector Group of Cefic.</p> <p>The TDIC consortium is open to any European and non-European companies manufacturing or importing substances indicated above. The consortium works on registration dossiers for all substances indicated. Operational costs are shared equally among the members. For an appropriate fee the consortium will offer a Letter of Access to the registration dossiers being developed.</p>
